GERMANS DIRECT MEXICO'S POLICY AGAINST U. S. A.

Discover Support Moral Rather Than Material.

Documents of German Spy Reveal Anti-U. S. Plot.

HAD THREEFOLD MOTIVE

Would Divert U. S. From U-Boat Controversy.

Hoped to Cut Off Oil Fuel Supply of British Navy.

Washington, June 23.—Advices received here from Mexico alleged that the German government has been encouraging Carranza and the officers of the de facto government in their opposition to United States troops remaining in that country. The form of encouragement was said to have been moral, rather than material.

The reports further declare that German citizens in Mexico are being treated with great consideration, their property not being molested. Some Americans have taken advantage of the favors accorded German subjects by placing their property in the hands of German friends upon leaving Mexico.

This information was disclosed by a competent authority in connection with information concerning the activity in Mexican affairs of Capt. Franz von Rintelen, now under indictment in New York for conspiracy to foment strikes in American munition plants and under arrest in England. Von Rintelen is known by the authorities mentioned as well as by the government officials to have been most active in Mexican affairs. His activities began at the time Villa and Carranza were at odds and when Huerta went to the border to direct a plot to gain control of the government.

Von Rintelen today was described as having been prompted by three motives in endeavoring to stir up trouble between the United States and Mexico, although primarily his activities were said to have been directed against the entente allies and not against the United States.

The information obtained leads officials to believe that von Rintelen thought that by starting a dispute between the United States and Mexico, munition shipments from American would be stopped; that the United States would be too busy to pursue the submarine controversy; and that the allies' navies would be prevented from procuring fuel oil and gasoline from the Mexican fields. More than 50 per cent of the oil used in the British navy comes from Mexico.

25 YEARS AGO IN TOPEKA

From the columns of THE TOPEKA STATE JOURNAL

June 23, 1891.
S. N. Wood, noted Kansan, was shot to death in a church at Hugoton, according to a dispatch received today. According to the dispatch, district court was being held in a church there. During the noon recess, Sam Wood drove up to the church with Mrs. Wood and another lady. Wood got out of the buggy, went into the court room, and proceeded to look over the docket. Then he went out and shots were heard. A second later Wood and his wife were seen moving around the church. When he reached the corner of the building he fell dead.
An eye witness says that when Wood entered the anterior he made as if to draw his revolver and shoot James Brennan, a deputy sheriff, when the latter, from the front room, got the drop on Wood by shooting first. After the shooting, Brennan defied the officers. Wood died without saying a word.

If girls' sleeves get much taller, they won't need parasols.

A considerable number of people are now camping at Oakland Chautauqua assembly in the attempt. This morning there were seventeen tents. The S. C. tents are in charge of Miss Flora Davis of Lowman, Ill. The Epworth league and the Y. W. C. E. are headquarters for all young people. Judge Wilder and family of Manhattan have tents on Nineteen avenue.

Colonel George W. Veale has gone to St. Louis.

John R. Mulvane went to Silver Lake yesterday to look after the harvesting of the wheat on his farm there.

The Washburn preparatory school commencement was held last night, followed by a banquet.

TROOPS POUR IN

Kansas Guardsmen Rapidly Concentrating at Fort Riley.

Trains Already Waiting to Take Them to Border.

Fort Riley, Kan., June 22.—If the K. N. G. entrains for the border Saturday, it will mean the men have been trained twice in three days. It will mean they are on their way to the Mexican border within a week after the mobilization call was issued by the president.

The Kansas guardsmen go to the front better equipped than many states. Several months ago nearly two hundred thousand dollars worth of modern equipment was stored in the basement of the state house at Topeka for just such an emergency. It was rushed here ahead of the troops.

Fort Riley never looked like a picture book fort.

No youngster would ever believe it was a fort. He'd pick it quicker for a group of college buildings.

No delay at Fort. Most of the guardsmen have been here before in annual encampment—have maneuvered all over the reservation. And its well they have, for none will have a chance to see much of it.

The wireless tower was cracking out messages today—messages from the war department at Washington. Messages expected to start the Kansas troops toward the southland by Saturday.

Kansas National Guard troops poured into Fort Riley today from all parts of the state under orders from the war department to muster into the federal service and move toward the border as soon as possible.

While preparations had been made for the Kansas soldiers to spend several weeks at the fort, toughening up for the job ahead of them, the indications were that within a couple of days Fort Riley will again be a deserted post. Nearly all the regular force usually stationed here have been on the border for months.

Do Seasoning on Border. Kansas Guardsmen, who had counted on several weeks here in which to adapt themselves to their change from indoor work to that of soldiering, will have to get their seasoning on the Texas border.

Long strings of passenger coaches are on the siding today waiting to rush the Kansas National Guard to the border as soon as organization here is complete.

AGGIE EDITORS END MEET.

Fourth Annual Conference at Manhattan Was Conducted Today.

Manhattan, Kan., June 23.—The relation of the experiment station and extension publications to the farmers was one of the principal topics of discussion at the closing session of the fourth annual conference of the American Association of Agricultural College Editors which closed here today.

Editors and teachers from twenty-five agricultural colleges in all parts of the United States were here for the meetings.

Among those who made addresses at the meetings were Prof. F. W. Beckman, of Iowa State college; Dr. H. J. Walters, president of the Kansas State Agricultural college; W. T. Beck, of Holton; Charles Dillon, of Topeka; Dean William M. Jardine, of Emporia; and George S. Strother, all of the college faculty here.

EDITORS MEET AT EMPORIA.

Fourth District Men Discuss Ups and Downs of "Game."

Emporia, Kan., June 23.—Fourth district editors gathered here today for the annual meeting of the Fourth District Editorial association. The program given this afternoon following the dinner given by the association included the following speakers: Walt Mason, Emporia's poet; George H. Perry, director of the Central Advertising Bureau in Kansas; W. A. Morgan, Cottonwood Falls; George Wood, Eureka; Oscar Stauffer, Peabody; Clarence Haughwout, Onaga; and A. L. Oltner, secretary of the Emporia Retailers' association.

The discussions at the meeting were chiefly along newspaper lines and plans were made looking toward a stronger organization of the editors in this district.

Reprieve for Bulger.

Denver, June 23.—The state board of pardons again has granted a 30 days' reprieve to Colonel James C. Bulger, under sentence to be hanged during the week ending at midnight Saturday for the murder of Lloyd F. Nicodemus, Denver hotel proprietor.

The reprieve, it was said, was granted to permit further investigation.

RUSSIANS BEATEN

Berlin Claims Victory Against Czar's Forces on Turia River.

Berlin, June 23.—The repulse of heavy attacks by the Russians against General Count von Bothmer's forces north of Przewoloka was announced by the war office.

The Russians were pushed further back on both sides of the Turia river, an affluent of the Pripiet and further to the south, according to the statement and attacks on the Teutonic line in the region to the west of Kolki and northwest of Lutsk were successful.

Take Another Town.

Petrograd, June 23.—The war office today announced the capture of the town of Padatz in Lukowia, thirty miles south of Czenowit.

EDUCATOR SUICIDE

Robert F. Hoxie, Chicago University Professor, Cuts Own Throat.

Chicago, June 23.—Robert F. Hoxie, 48 years, professor of political economy in the University of Chicago, committed suicide in his home here by cutting his throat, according to a report made to the police.

Hoxie is believed to have become despondent because of continued ill health.

KERR GOES TO NEW JERSEY.

State Normal Librarian to Lecture at Meeting of Association.

Emporia, Kan., June 23.—W. H. Kerr, librarian of the Kansas Normal school at Emporia, has gone to Asbury, New Jersey, to attend the American Library association, which meets on July 1. He will deliver a lecture before the association.

From Asbury Mr. Kerr will go to New York where he will attend the meeting of the National Education association.

Cocoon Oil Fine For Washing Hair.

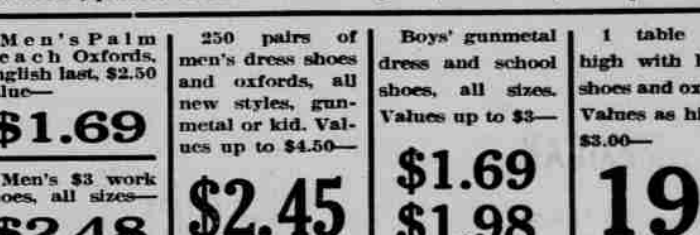

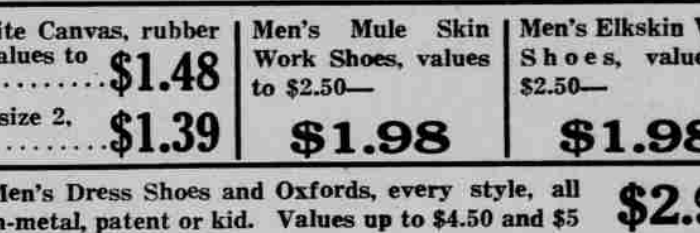

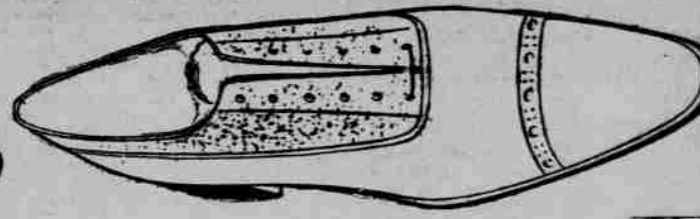

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified cocoon oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.
